◇ **ABOUT YOUR DOORS**

- Please make sure your front door is the proper color

◇ **TRASH COLLECTING / RECYCLING**

- DO NOT PLACE NON-RECYCLABLE ITEMS OR MATERIALS IN THE RECYCLING DUMPSTERS OR COMMINGLE RECYCLABLES WITH NON-RECYCLABLES. The Association will be charged a penalty by the carting company.
- PLACE ALL TRASH AND GARBAGE IN A DUMPSTER. Leaving bags of garbage on the ground invites rodents and requires the Association to pay for additional, unscheduled extermination services.
- BREAK-DOWN CARDBOARD BOXES AND OTHER LARGE ITEMS BEFORE DEPOSITING INTO THE DUMPSTERS. This will increase the amount of garbage that can be disposed of in each bin.
- LEAVE BULK ITEMS (E.G. REFRIGERATORS, STOVES, BEDDING, FURNITURE AND OTHER LARGE ITEMS) IN THE DUMPSTER AREA ONLY ON THE NIGHT BEFORE THE SCHEDULED BULK PICK-UP DATE. Be sure to place all such items away from the entrance to the dumpster area so that others will have access and remove the doors from your discarded refrigerators and freezers. When receiving new

appliances, arrange to have the old appliances taken away by the delivery company.

- DO NOT DISPOSE OF HAZARDOUS CHEMICALS, PAINTS AND/OR SOLVENTS IN THE DUMPSTERS OR WITH REGULAR GARBAGE. Essex County periodically has both hazardous waste and electronics disposal days at their facility in Cedar Grove and will accept such material from county residents. <http://www.essexcountynj.org>
